

28 September 2007

**COLLEGE NOTICE**

**DEPUTY RECTOR**

Professor Sir Leszek Borysiewicz, Deputy Rector, will take up the appointment of Chief Executive of the Medical Research Council from 1 October and will therefore leave the College's employment on 30 September.

The College congratulates Professor Borysiewicz on his new appointment, which follows six years of outstanding contributions to Imperial. Professor Borysiewicz joined the College in February 2001 as Principal of the Faculty of Medicine and in August 2004 became Deputy Rector. He combined his roles at the College with service on two successive RAE panels, and as a Wellcome Trust Governor.

With effect from 1 October, Dr Celia Caulcott, Research Manager, will report to the Rector. As announced in College Notice 2007/08-3, the Pro-Rectors, Professor Ritter and Professor Buckingham, will also report to the Rector.

K.A. MITCHESON  
College Secretary
