

6 July 2010

COLLEGE NOTICE

ACTING DIRECTOR OF RESEARCH OFFICE

Mrs Lynne Cox, Director of Intellectual Property and Research Contracts, has accepted appointment as Acting Director of the central Research Office with effect from 1 July 2010 in succession to Dr John Green who will retire from the College on 31 July 2010. She will retain her current responsibilities for research contracts and intellectual property and will report to the Deputy Rector, Professor Stephen Richardson.

Mrs Cox joined the College in 1988 from St Mary's Hospital Medical School where she had worked in a variety of roles supporting academic staff in the acquisition of research grant and contract income. Following the medical school mergers and the integration of research systems, processes and reviews of service, Lynne was promoted to Director of Research Contracts. In 2005 she became Director of IP and Research Contracts in the College central Research Office, supporting all Faculties in their management of Research income and managing the College operational interface with Imperial Innovations.
