COLLEGE NOTICE
COLLEGE LEADERSHIP

The Council has begun the search for an individual to serve the College in the new position of Provost. The recruitment marks the start of the transition towards a new leadership model for the College, separating out the current responsibilities of the Rector.

The Provost will be responsible for the delivery of the College's core mission: education, research and translation, and will report directly to the President & Rector, who will give emphasis to the College's external affairs including development. The President & Rector and the Provost will together have responsibility for the strategic direction of the College.

In line with the beginning of the search for a Provost, from today Sir Keith O'Nions assumes the title of President & Rector. At the end of May the search will commence for a new President & Rector to succeed Sir Keith O'Nions following his retirement at the end of 2013, at which point the new leadership arrangements will be fully in place.
