

20 January 2022

COLLEGE NOTICE

HEAD OF THE DEPARTMENT OF BIOENGINEERING

Professor Rylie Green has accepted appointment as Head of the Department of Bioengineering with effect from 1 August 2022, for an initial term of five years, in succession to Professor Anthony Bull.

Professor Green joined the College in 2016 as Senior Lecturer in the Department of Bioengineering and was promoted to Professor of Polymer Bioelectronics in 2021. She is currently a member of the Department Management Committee, acting as Academic Staff Line Manager, and was previously the Elected Academic Representative.

Professor Green's research aims to understand tissue-material interactions and to design appropriate interfaces that promote improved communication between the body and devices, with a focus on bioelectronics
