## Reminders

**Upcoming SPSS and R courses starting in May**  
(discounted rate for Imperial staff/students!)

The Statistical Advisory Service at the College offer courses designed for those who need to perform data or statistical analysis using various statistical software, ranging from introductory to the more advanced and specialised. The courses are approved for CPD credits by the Royal College of Physicians.

Face-to-face (in class) or Online (Teams) joining options available.

Check out courses available and book your place now -

## Tip of the week!

**Mental Health Awareness Week: 15 – 19 May**

The College has planned a wide range of events for this year's Mental Health Awareness Week, open to staff and students.

From breathing exercises and forest therapy, to a panel discussion with Imperial academics about the impact of anxiety in society, there is a huge range of free events.

Take a look at what's on offer and book your place -
